

Hybrid events combine physical attendance with an online presence. Our hybrid functionality allows delegates to reduce travel and attend events remotely wherever you are. Multiple controlled cameras produce high quality streaming, capturing all angles of the event and offer solutions from small meeting rooms to unlimited online guests watching large scale events in our Auditorium.

Our standard packages are outlined below and we recommend booking a meeting with your event manager and a member of our AV team, to discuss your requirements in more detail. If needed we can offer a bespoke package to best suit your needs.

Auditorium live stream bookings require a planning meeting with your event manager and AV technician once contracts have been signed to ensure all aspects of your stream have been considered. A detailed agenda and microphone plots will be required no later than 2 weeks prior to arrival. All content will be required no later than 1 week prior to arrival to ensure the smooth running of your live stream.

All prices subject to VAT and for bookings taking place before 31st December 2024.

All package prices quoted are in addition to the relevant room hire delegate package for the space booked.
